Dear Provider,

The Construction Industry Licensing Board (CILB) has officially approved your continuing education course application. The course number is as follows:

COURSE NAME: 14 HOURS FLORIDA PLUMBING CE COURSE  
Online  
Includes: (ADV,BSP,L&R,WMM,WC,WPS), HI - (2hrs  
General)  
Instructor(s): Chris D'Amato  
COURSE #: 0611860  
COURSE HOURS: 14  
COURSE EFFECTIVE: 6/15/2016  
COURSE EXPIRES: 6/14/2019

This is a reminder that both the provider number and the course numbers are to be used when corresponding with this office and when making reference to or advertising your classes. **It is the provider's responsibility to track course expiration dates and to submit renewal applications prior to the expiration date identified above. Course(s) must be taught in their entirety before they are reported to the department and partial credit is not permitted.**

"Continued course approval is subject to the course content being maintained in accordance with the materials submitted for evaluation. Course materials should be modified to conform to changes in rules, statutes, codes and standards. **You should submit significant modifications to course material to the department at least 90 days prior to those changes being incorporated into the course. The department or the board must approve such modifications before they may be incorporated into the course material.**"

All registered and certified contractors are required to have at least one hour each of a class in laws and rules, workplace safety, worker's compensation, business practice and specialized or advanced module course approved by the Florida Building Commission as part of their fourteen continuing education hours required for license renewal.

Also registered and certified contractors with the following license types: General, Building, Residential, Roofing, Specialty Structure or Glass and Glazing are required to have one hour of wind mitigation methodologies as part of their fourteen continuing education hours required for license renewal.
